# Ruby Ramsay

## About me

I have a Bachelor's degree in Computer Science from the University of Massachusetts in Amherst. In addition to my love for technical problem solving, I've always had a passion for design - writing, speaking, curating, decorating, hosting, enagaging, graphic designing, and web designing.

## WE MAKE YOUR MISSION OUR MISSION.

Greater Good Grants offers grant development services for small and mid-sized organizations and businesses across the United States. We help organizations meet their financial goals. We provide a range of grant development services, including grant readiness assessments, prospect research, proposal development, application management, and grant development consultations.

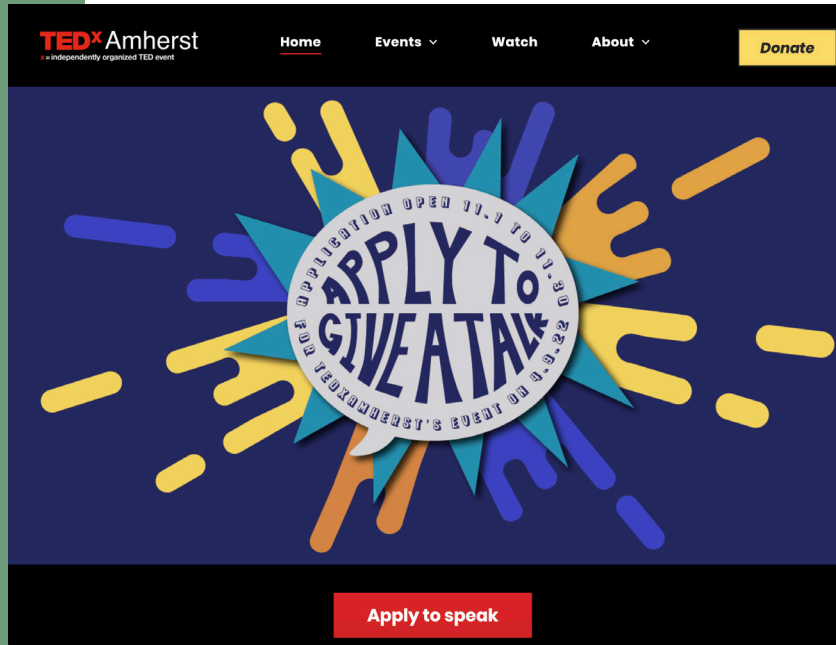

[MORE ABOUT US](#)

*Melanie J. Spencer*

Melanie Spencer, founder of Greater Good Grants, has more than 25 years of nonprofit and public service experience and has helped dozens of nonprofit and for-profit entities secure grant funding from private, state, and federal grant sources.
